

### .... on the right track

The Association's charitable subsidiary company, GREAT Gardens, has adopted **Queens Park Station** under **First Scotrail's 'Adopt a Station'** scheme. GREAT Gardens will be providing planters and hanging baskets to brighten up the station's platforms.

Under the scheme, Scotrail welcomes the involvement of local community organisations and volunteers in cultivating flowers and shrubs on their stations so as to add seasonal colour and vibrancy.

Great Gardens is a social enterprise company which delivers a wide range of land based services which include garden maintenance, hard and soft landscaping, fencing and tree surgery. Great Gardens combines the opportunity to deliver these services with training young people who have been unable to make the successful transition between school, education, training or work.

'GREAT Gardens' is based at Unit 7, Victoria Court Workspace, Hollybrook, Street, Govanhill.

For gardening services or for further information, please contact Colin Anderson, Tel 0141 433 9147 or email [colin.anderson@great-gardens.org](mailto:colin.anderson@great-gardens.org).
